OUR SELECTION	This cured meat is produced without gluten, without added polyphosphates, without monosodium glutamate
CURIOSITY	Forno d'oro traditionally produces roasted white meats cooked on the grill, the golden color is in fact the result of cooking and does not derive from the use of dyes. Forno d'Oro also appears in the AIC Handbook (Italian Celiac Association)
SUGGESTIONS	Excellent both as a thinly cut appetizer and as a second course cut into slightly thicker slices, to be seasoned with oil and pepper
