PRODUCER	Caseari Di Venti - Calascibetta (EN) - Sicily
OUR SELECTION	Located in the area of Calascibetta, a town with ancient traditions, Di Venti dairy has been operating for more than thirty years in the production of typical Sicilian cheeses
CURIOSITY	A legend says that around 1090 the king Ruggero il Normanno was worried for his wife depression, so he asked the local dairy makers to produce a thaumaturgic cheese; needless to say that the saffron, recently arrived with Moors, was considered an anti-depressive and almost magic spice and the connection with cheese came up easily
SUGGESTIONS	A legendary cheese to complete a cheese platter, but also an amazing ingredient combined with fish or meat, wine or beer
