

COHO SALMON

CODE 94051

COUNTRY OF ORIGIN Italy, Friuli Venezia Giulia

WEIGHT 1 kg approx

Wild salmon troll-caught using traditional hook

DESCRIPTION

Coho Salmon (*Oncorhynchus Coho*), also known as Silver Salmon, can reach 3-6 kg in size and is very popular among sport fishermen; it is troll-caught using traditional hook and line methods, bled, cleaned and frozen on board

APPEARANCE

The meat is extremely compact, with a bright reddish orange colour

TASTE

The taste is delicate, similar to the Atlantic Salmon but with a more compact texture

PRODUCER

Friultrota - San Daniele del Friuli (UD) - Friuli Venezia Giulia

OUR SELECTION

Among wild salmon Coho is the leanest: it has a very low fat content, less than 4%

CURIOSITY

Salmons born in fresh water, migrate to the ocean and after 3/4 years return to fresh water to reproduce; it is said that salmons return exactly to the spot where they were born to spawn; they are fished before returning
