<b>CODE</b>	94491

<b>COUNTRY OF ORIGIN</b>	Italy, Sardinia
--------------------------	-----------------

<b>WEIGHT</b>	200 g
---------------	-------

Small calibre capers in salt in 200 g jar, from Selargino, Sardinia

<b>DESCRIPTION</b>	Selargius capers preserved with Sardinian salt: these elite capers are the smaller in size and the most prized
<b>APPEARANCE</b>	The shape is round, with a smooth surface and a very small calibre
<b>TASTE</b>	Sweet and intense, slightly savory, pleasantly crisp
<b>PRODUCER</b>	Il Cappero Selargino - Selargius (CA) - Sardinia
<b>CURIOSITY</b>	The caper is a concentrate of perfume and flavour, recognisable both in taste and texture. Not to be confused, however, with 'cucunci' which came from the same plant but instead of being the bud (like capers) they are its fruit!
<b>SUGGESTIONS</b>	Ideal to used raw, for marinations or meat tartare
