<b>TASTE</b>	Sweet taste and characteristic of the meat, the near absence of salt is in accordance with the tradition that wants it added to the time of consumption.
<b>PRODUCER</b>	Meggiolaro - Stra (VE) - Veneto
<b>OUR SELECTION</b>	The Secrets of Alessandro are the processing times, very long, and cooking at low temperatures. But the thing that most impressed us is that all the products are obtained in a natural way, without the use of any kind of additives or preservatives
<b>SUGGESTIONS</b>	While the thigh without bones can be cut with the cutter/slicer, the one with bones should be sliced with a knife
