

COSCIA REALE FUMÈ RIALTO

CODE	78208
COUNTRY OF ORIGIN	Italy, Veneto
WEIGHT	6 kg approx

Delicate speck, slightly smoked with local wood and berries

DESCRIPTION	Speck with a delicate aroma, produced with selected lean pork meat
APPEARANCE	Compared to the classic speck shape, it has a higher slice; it is designed to reduce waste and to slice easily the whole piece
TASTE	Sweet, well balanced the smoke sensations and the spicy notes
PRODUCER	San Marco Prosciutti - Meledo di Sarego (VI) - Veneto
CURIOSITY	Rialto is a double-rump speck that is practically twice as high as a traditional speck. It is very different from Tyrolean one and for this reason it is called Coscia Reale Fumè
SUGGESTIONS	The speck acquires a slightly different taste depending on how it is cut, so to taste it at its best in purity we suggest to cut it against the direction of the fibers into thin slices
