OUR SELECTION Il Carro is a real multifunctional farm with short supply chain where the fields of property are

cultivated in order to obtain the forage for 1200 Camosciata delle Alpi goats, where the milk is processed in the dairy and the cheese aged in natural cellars, as it used to happen in

Masserie (ancient local farms)

CURIOSITYIl Carro chooses to note down the paternal and maternal forefathers of each single goat in

the Genealogical Book: because healthy animals give a noble and high-quality milk
