PRODUCER	BioAlberti - Poggio Aquilone (TR) - Umbria
OUR SELECTION	BioAlberti is an agricultural company, entirely organic, immersed in the rolling Umbrian hills in the locality of Poggio Aquilone and extends over an area of 560 hectares between the province of Perugia and the province of Terni
CURIOSITY	Mix of pearl spelled and peeled chickpea for a nutritious soup with a high protein content
SUGGESTIONS	It does not require soaking. For a tasty recipe we suggest washing the soup, preparing a sauté and browning it in EVO oil, then add the soup and season with fresh sage. Finally add the vegetable broth which in 40 minutes will help to complete the cooking
