Russian salad, 250 g pack, made with selected vegetables

## DESCRIPTION

A crisp and well-balanced Russian salad made with mayonnaise and a mix of vegetables: carrots, peas and potatoes

## APPEARANCE

It has a creamy, firm texture, is white in colour, and the vegetables are clearly visible

## TASTE

The texture of the vegetables is pleasing and perfectly distinct on the palate; the mayonnaise has a delicate flavour, faithful to the recipe and never overpowering

## OUR SELECTION

Gatromonia Marcolin's Russian salad stands out from mass-produced versions both for the crispness of its vegetables and for the balance of its flavours, just like a homemade Russian salad

## CURIOSITY

Handmade with eggs, potatoes, carrots and peas, following the family recipe; the vegetables are carefully selected and fresh, bought regularly from the local market, with the exception of the peas, which are frozen; the potatoes and carrots are cut by hand and steamed taking into account their different cooking times, which creates a delightful interplay of textures in the vegetables, perfectly discernible on the palate

## SUGGESTIONS

Perfect as pairing for fish-based main courses; excellent for filling canapés, sandwiches and rolls, and for adding flavour to focaccia
