Wholemeal red rice grown by Cascina Oschiena

DESCRIPTION

A variety of red rice cultivated by Cascina Oschiena in Piemonte, with a red colour and an intense aroma

APPEARANCE

The grain is slim and has an intense red colour, thanks to the presence of anthocyanins, which give the rice this natural colouring

TASTE

With a distinct yet delicate aroma, it is reminiscent of the flavour of freshly baked bread

PRODUCER

Cascina Oschiena - Crova (VC) - Piedmont

OUR SELECTION

This rice is cultivated using integrated production techniques: a guarantee of high-quality production and environmental protection. Cascina Oschiena has obtained EU recognition as a Special Protection Area and, since 2019, has become a Nature Reserve thanks to the conversion of 25 hectares previously dedicated to rice cultivation into wetlands for the protection and enhancement of biodiversity

CURIOSITY

Thanks to its high antioxidant, fibre, protein and mineral salt content, this rice is ideal for those looking for products suitable for a healthy diet

SUGGESTIONS

Ideal in a warm salad with vegetables and crispy guanciale or as an accompaniment to fish dishes. Also excellent simply boiled and dressed with fresh extra virgin olive oil
