OUR SELECTION

Cappellini produces a line of vegetables that are clean, almost exclusively of national origin and completely free of preservatives. A product ready for sale, combining practicality and quality: a high-end side dish for shops and a versatile semi-finished product for restaurants

CURIOSITY

The fresh vegetables are cooked under vacuum at a low temperature: a choice that allows the vegetables' liquids to be preserved while keeping their flavours, aromas and colours intact

SUGGESTIONS

Designed to be eaten as they are, they can be heated in a bain-marie in their bag for 4 minutes or in the microwave for 2 minutes on medium power after piercing the packaging. Also excellent for topping a pizza or for a quick stir-fry ready in minutes, they are also perfect as a base for other dishes
